## WELL DONE

PRIORITIES WORKSHEET  
(see FORM on next page)

1. Brainstorm a list of what matters most in your life.
2. Rank the items you listed in #1 from most important to least.
3. Highlight the top three or four items in your list so you can begin focusing on them.
4. Keep your list in a prominent place to constantly remind you of your priorities.
5. Determine the amount of time and money you dedicate to each priority every week.
6. Prayerfully evaluate your form and ask God if you need to adjust how you are spending your time and money. Note any changes that need to be made in the final column of the form.

OPTIONAL ACTIVITY – Ask three trusted friends if they believe your life reflects the priorities you stated. You may also want to ask those friends for suggestions if changes need to be made.
